A pink bean character with a smiling face, arms, and legs is on the left. A speech bubble points from the character to the text. The background features a faint, stylized anime character with blue hair and a serious expression.

I'm glad it was able to all come together again.
Also, alpacas are the laziest boons.

I decided
that

I would make
100 friends in
high school.

...and
so,
from
next
week

Think carefully
before you
make it, as they
will be displayed
publically.

You will have
to make a
poster that
shows the
appeal of our
school

Alright

Y-----ES!

Work
together in
pairs and
complete it.

Pairs .

Good

Let's
work
together

What
should
we do?

EH?

--O!

Watake,

Wait up!

I said let's
go home
together...

I'm going to
Tokohama,
what about
Watake?

You going to
the station?
Let's go
together
partway.

That's
right, about
the art
assignment,
although it's
a pain let's
work it...

Ah,

Why
are you
following
me?

...Huh...?

Um...

What are you doing right now?
Let me hel...

Even if I talk to him he ignores me...

What should I do... he has an aura of "don't talk to me" surrounding him.

I've never been told that to my face.

that I'm hated

I'm really hated, aren't I...

Pain

That's idiots.

That way of talking and

these superficial conversations made of jokes too...

Without even a discussion.

Can you do it seriously?

I CAN!
I WILL!
I WILL!

We're using photos as the main feature to introduce events and stuff, you look up anything we can use

O-
king

M.A.S

Don't you get sleepy in the class after lunch? I always get scolded for napping in class!

I'm sleepy! I just fell asleep right now!

YOU'RE NOISY.

It's painful.

You're sure quiet today.

It looks to me like you're forcing yourself into character.

THAT'S NOT TRUE!

I was wondering, but.

Is that your real character?

You had a real dark expression just now.

Whenever I
see Watabe
alone in
class,

I always end up
comparing him
with my previous
self....

...I couldn't
say anything.

Why are
you so
desperate,

Are you
afraid?

Aren't
friends
people you
don't have
to force
yourself
around?

Is that
what you
call a
friend?

Crap

I
just

Mistake's
words
pierced
through me.

If there's no
one who un-
derstands
me... then I'd
rather
choose to be
alone.

I really hate
those kind
of shallow
friendships...

Maybe
if it was
Wintake...

he'd
understand...

Because I
wanted
friends, I
threw away
my dark
past
and
made a
new me.

Ah,
Yosh...

Alright,
let's go
with this.

No way,
are you
studying?

Eek, you
model
student!
What hap-
pened?

Idogawa
wanna go
to Maccas
on the
way back?

Sorry,
today's
a bit...

Everyone
thinks
I'm
happy,
but
I
can't
even
say my
own
thoughts to

In the end, I
don't have
any real
"friends"...

Why can't I
say it?

Honestly,
what am I
doing?

I don't want to
be hurt by both
sides...

At the
very
least,

I can do this
much.

Just a
little
more...

Wafabe
never told
me his
address

I'll apolo-
gize to-
morrow

I pulled
an all-nighter
last night

My part
was still
left...

...Why?

It's finished,
so I handed
it into the
teacher
already.

Eh...

Do you
have a
moment?

...Wafabe.

About
that
poster...

Because I
didn't want
to do it
together.

Any more.

...Ngh

Don't
mind!

Poor
Udagawa!

Because I
said such a
thing.

He really
hates me
now.

What
should I
do?

If it was
before, then
at a time
like this
I'd just
say "Is
that so?"
and laugh
it off

I have to
laugh...

Laughing
as if it
was
nothing

because
I'm an
idiot

I'm
sorry I'm
annoying

But in the end,
I just wanted
Watabe to
not hate me.

You're
annoying

Heh...

Kag...

I got it
already, wipe
your fears
for now.

However,
Watabe
noticed
that.

Like you
said at the
beginning, I'm
faking my
character.

It's
selfish
of me
but,

I thought
that if it was
Watabe, you
could under-
stand me and
listen to my
real thoughts.

But then I
couldn't make
any friends
that would go
with my real
feelings.

I was
really an
idiot.

But,

in the
end, I
made you
hate me.

...I'm
also

Sorry
about the
childish
thing I
did.

I had a feeling
they might not
be your real
feelings... but in
the end, you
chose your
friendship with
those guys...

But
those
words
shocked
me.

I knew
Udagawa
was trying
seriously

You don't hate me then..?

And he said...

...Oh.

That's not true.

Well, you're somewhat more likable now.

And I got sad.

Water...
Be...

...What am I saying?

Ahh... your honesty is good, I think.

Did you?

HUH? ..

Did you find a part of me you liked?

...Today I made

One friend
